Learn how my book, “Bilingual Kids: How to raise bilingual kids, benefits of raising a bilingual child, and common myths about learning in a dual language environment” can help you raise a fully bilingual child

There are many benefits in knowing more than one language and parents that give their child the head start in learning an additional language when still young are giving them a competitive and cultural advantage from the start.

We can all learn another language but learning that language when young makes the task so much easier. In my book I explain how you can go about getting your child bilingual and offer advice and tips.

In my book I cover;

- **Why you should raise a bilingual child**
There are numerous advantages to bilingualism and I take a look at them and also any potential downsides just to balance the argument and to give you a rounded argument.
- **How to teach your child to talk another language**
I explain what you need to do to facilitate learning and to make sure that your child is learning. There are tips that may seem obvious but are easily missed.
- **Bilingual Education**
Formal bilingual education might be a route you want to take with your child, so I explain the types of bilingual education available to you.
- **Myth Busting**
You may have heard misinformation regarding bilingualism, so I set the record straight. I go in depth about common misconceptions on the topic, something you will need to know before you make your final decision regarding your child's learning.
- **Plus much more**

Purchase my book, “Bilingual Kids: How to raise bilingual kids, benefits of raising a bilingual child, and common myths about learning in a dual language environment” today for the price of a coffee .

sure guide

By Aljohn Laid

This book is what I have been looking for. As a young parent, I so wanted to train my child and see that she is growing intelligently.

This book is the best I have so far. I love the training guide and the facts shared in this book.

Broad overview of the topic

By Courtney Heuwinkel

If you are looking for solutions or ideas, this isn't the book for you. If you have given it any thought or already know a little about this subject you will most likely be disappointed. I am an American with a French partner living in France and there was little to no useful information for me.
