One of the BEST that my MONEY can GET in terms of cooking books

By Cestmoi

The book is more than 1000 pages thick with more than 500 recipes from 40 countries offered by 60 famous chefs.

Each dish is covered with 8 color photos. They are sharp and beautiful. The dish presentation is mouth-watering. It looks exactly like the one you get from an upscale restaurant.

Some of the photos are just fillers. They don't help with the food preparation. For example on page 62, Rabbit liver in puff pastry, there is no photo of making the puff pastry but there are 2 photos of preparing the leek! Because of this, I take one star off the rating.

If you love cooking, you'll like this book.

Purchased two; one as a gift, other for personal use. Great book for exceptional menu ideas. Instructions could be a bit more detailed, but definitely understandable.

That's why the 4 stars.
