Dale Dubin's new book

By Rafael D. Hernandez

Dale Dubin's new Interpretacion de ECG is like the Universe : Marvellous and Simple!. I personally believe it is a very easy way to learn about the exciting world of EKG. Illustrations are outstanding , in such a manner that it can be understood at any language.

Congratulations Dr. Dubin !

Helpful reference

By T. Sanchez

This book was recommended by a colleague at work. It is so easy to understand and from a person just starting to work and interpreting tracings and ekg's is great. The explanations may look too simplistic but for me it helped out a lot. This book is great for nursing students, nurses starting in ccu settings and telemetry technicians.
