EYES ONLY FOR ME BY ANDREW GREY PDF

For years, Clayton Potter's been friends and workout partners with Ronnie. Though Clay is attracted, he's never come on to Ronnie because, let's face it, Ronnie only dates women.

When Clay's father suffers a heart attack, Ronnie, having recently lost his dad, springs into action, driving Clay to the hospital over 100 miles away. To stay close to Clay's father, the men share a hotel room near the hospital, but after an emotional day, one thing leads to another, and straight-as-an-arrow Ronnie makes a proposal that knocks Clay's socks off! Just a little something to take the edge off.

Clay responds in a way he's never considered. After an amazing night together, Clay expects Ronnie to ignore what happened between them and go back to his old life. Ronnie surprises him and seems interested in additional exploration. Though they're friends, Clay suddenly finds it hard to accept the new Ronnie and suspects that Ronnie will return to his old ways. Maybe they both have a thing or two to learn.

Contemporary MM Romance - GFY - BFY

By Tams (TTC Books and more)

e-book review November 2015 4.5/5 stars...

Unrequited love is a bitch, especially when it's your best friend you're in love with.

Clay Potter has wanted more than just friendship from Ronnie pretty much since they met. Several things keep the lust at bay. For starters, Ronnie is all but the poster boy for straight men across the land. Few women avoid Ronnie's charm, and not many more avoid his bed. The man is gorgeous, successful and smart, even if a little conceited. Clay is content to play the role of confidant and best friend though, until an unexpected trip home to visit his sick father changes the game entirely.

I am a huge fan of gay for you storylines, especially when there is valid confusion involved. I had a little trouble a few times with Ronnie's back and forth, his confusion and unwillingness to admit his feelings bordering on garnering him with the title of douche, but he managed to win me over in the end. Clay truly stole the show in my opinion though. He was strong, steadfast and unwavering to spite the fact that Ronnie was killing him with his uncertainty. Clay stayed true to their friendship regardless and that was so very endearing for me. I mean, it was the promise he made to Ronnie from the start, before all the lines blurred, and he stood true to that statement to the end. In fact, I think that bond was the glue that held them together.

This book was unlike any other story I've read from Grey and I think I've read just about everything from him. I've said it before, that I am in awe of his imagination and ability to continue to bring fresh, believable stories over one hundred books into his career. The story was emotional and raw with a different little twist to the GFY story arch that I can't disclose. No spoilers, but I guarantee it's worth the read and I'm certain you'll enjoy the ride usually confident, yet sometimes perplexed Ronnie as much as Clay did.

Audiobook review May 2016...

Tristan James tells the story of Clay and Ronnie quite brilliantly. I don't think it's a secret that he is one of my favorite narrators, he has this very husky voice that really translates well for a character like Ronnie that is this alpha male, confident and assured man. What I really liked and what I think set this audio book apart from the print version was how James conveyed the confusion Ronnie was experiencing with the way he voiced him. Subtle tone inflections turned Clay from an almost aggravating character to one I could sympathize with.

While the book and the audio version were essentially the same story, they are two different experiences. There were little things I missed from the print version that stood out in the audio version. Definitely a must read and a must listen story.

This is how GFY should be written.

By Becky C

Just when you think you know Andrew Grey and his writing style he comes out with something brilliantly new, albeit a well covered trope. If you think you know what GFY is all about think again. Eyes Only For Me is how GFY (or BFY) should be written.

Ronnie has always thought of himself as solidly straight. He has gay friends but that is all they are: friends. It's women who turn his crank. He has never settled down with any one woman, believing that it's more fun and satisfying to take home a different women, especially after breaking up with one he thought was special. Clay has always thought of himself as solidly gay. His best friend Ronnie is a straight as a ruler, or so Clay believes. Clay has crushed on Ronnie for years but put that thought aside as an unattainable dream. Then comes an opportunity to take Ronnie to bed. Or is it just temptation? Will it be possible to fulfill that lifelong wish or will it be the end of an important friendship?

Even after they have sex, things are not settled. In fact, it's doubtful that this was a move in the right direction. Or is it? Ronnie and Clay need proof that they can be together and that proof is very difficult to put together. There may be more evidence that they need to be friends. Or that they need to part ways and never speak again. What turmoil!

The ball is pretty much in Ronnie's court to put the puzzle of their future together. Can he do it? You will enjoy finding out in this Andrew Grey book that is one of my favorites. Whether you are a long time fan who has read everything he's written or new to his collection, this is a must read. Highly recommended.

An incredible journey!

By TAHK

This is a fantastic new work by Mr. Grey. The story is told solely from Clay's perspective so you experience everything through his eyes. There are great descriptions of an OCD brain and the evidence of Clay's depth of friendship and growing love are written with great detail. The sex is also off the charts hot. A great journey from best friends to love.
