Chase "Hound Dog" Remus is blown away when he realizes the hot, little twink he's interested in is his mate. He just has one problem, the guy's cat. Midnight is a shifter. Hound is sure of it. Madcap Menage Menagerie

By Deirdre

So a Cat, a Bear, and a Human walk into a hospital....

Menage stories aren't my favorites, but this story was written in such a humorous fashion that there was so much laughter, that you forget the type of story you are reading. I used to think the first story in Lynn Hagen's Remus Brothers series, JAXXON was my favourite, but now I'm torn between that one and this one, HOUND.

A poor little rich man is abducted, forced into his small Cat form by a magical collar, and taken to an animal shelter. A lonely unemployed Human seeks out a companion to help fill his many lonely hours, as he unsuccessfully searches for a job. A big love 'em and leave 'em Bear shifter passes by a gorgeous guy and almost causes several traffic accidents to go back to talk to him, only to discover it's his mate.

Jake is kidnapped by a cunning Hyena, Bowman (and his far from cunning henchHyenas), who is determined to get a hold of Jake's family's money. But there are other relatives that need eliminating in Bowman's elaborate scheme, Jake among them. But instead of taking him out right there, it seems Bowman doesn't want to dirty his hands so he has his lackeys take the small cat to be euthanized at the animal shelter.

But Jake with his silky black coat and amazing green eyes catches the attention of a depressed young man named William who is seeking a pet to replace the lack of family, friends, and lovers in his life. William

appeared in the first book. He'd previously worked in the same drugstore with Evan. I had been anticipating his story, but I never expected it to be so entertaining. Told the cat was different William was enchanted with the animal's ability to seemingly understand what was being said to him. Midnight, as Jake's cat was called proved to be a great listener and cuddler. His only fault was that he was hard headed when it came to being told what to do. An inexperienced cat owner, William didn't realize that this was a very common cat trait.

Hound as he was nicknamed, or Chase as he revealed immediately to his mate took William out on a date to remember. William ended up back home in bed, but not with Hound, it was an enraged little black spitfire that vowed vengeance as he tried to comfort his crying Human. Through the intervention of others, Hound was given a second chance. He was determined to do right by his mate. He didn't realize the danger his OTHER mate was in.

The three of them ended up going to the Remus Brothers home. To talk, reveal, and get help (and consummate their matings!) I won't tell you anymore. I don't want to ruin the fun of reading this story. I kept thinking, what could possibly happen next? Then it occurred! Well enjoy the entertaining rollercoaster ride. I planned to stop reading two books ago and read another book that I've been anticipating and finally received, but Lynn Hagen has me by the short hairs and refuses to let go. Happy Reading!
