Five Stars

By kevin McCormick

Great book

5 of 5 people found the following review helpful.

Rapture! Bravo!

By Brandon

What a fantastic book. I just can't say it any better. I had to order this through an out-of-print book seller('The Book Nook', a wonderful company!), and that just added to the fun of reading it. This book has no bad points, whatsoever! I wish it was longer. Joe Hyams writing style is eloquent yet simple enough to bring out Jimmy's true nature. This is the most recent, in a string of 8 Dean biographies I've read, and it's such a necessity to any collection. To slightly contradict myself-my problem was only that it wasn't longer. Not a short read at all, the book was just so easy that it left you wanting to hear more about Jimmy from Mr.

Hyams' perspective. It's the most objective standpoint anyone's taken on Jimmy, while still having a theme(angle)to write from. It's hard for me to find a bad Dean bio, simply because of my adoration of the young prodigy, but I can easily spot the great ones! Pick this book up. My used copy was in better shape than many new books I find at large bookstores. Again I must express my thanks to The Book Nook for making it possible for me to own this book, which I will utterly treasure. They work with amazon, so check them out.

One of the best biographies about James Dean

By Jane Austen Sandy

Joe Hyams is a real respectful and informative author who really wanted to write about James Dean what I know James Dean would have written about himself if he were alive today and decided to write about his personal life, which is something James Dean did not like to talk about with the media. Yes, Jimmy did love Pier Angeli whose real name is Anna Maria Pierangeli whom he lovingly called Annarella. This was a name her father called her before he died in 1950. James Dean found a true love in Anna and she in him. There are countless interviews and documentaries that can attest to Jimmy stating that Pier Angeli was the love of his life. Actress Julie Harris, James Dean's co-star in East of Eden mentions in one documentary that Jimmy was always talking about how much in love he was with Pier and how beautiful her soul was. Larry King interviewed co-stars of his who spoke about this very emphatic relationship in James Dean's life. They had many interests and one very important life change in common that is they both lost a parent. Neither one ever forgot about the other and author Joe Hyams wanted to make that known. I thoroughly enjoyed reading this book. James Dean would be delighted that this part of his life, the joyful part, was written about.
