Great buy for any kid

By Richard

Jindo and the Moon is a great story. Any kid will love this book. The illustrations are amazing and will soon be your child's favorite book. Most children's books look all the same and tell pretty much the same story. This book will be welcome change for both parents and kids. All pictures were hand drawn and not computer designed. A lot of love and hard work went into making this book. Support small business. Disney has enough of your money. This book would be a great gift for any new parent.

The Art Pops, Fun Storyline

By Pablo

You never know what your kid is gonna love, and she loves this book! The images are beautiful, colorful, and fun, making a great compliment to the rhyming storyline. Great for inspiring her imagination. We got both books (the sun one, too) right before a trip, and by the end of it, they were her favorites. Good thing we like to read them, too :)

Thanks Helen, great work! We can't wait for more Jindo Tales!

What a great book!

By San Diego Jeff

Jindo and the Moon just became my daughter's favorite book. Not only is it a great story, but the imagery is fantastic. This was a nice change to the standard children's books you see these days. I would highly recommend this book to any new parent/aunt/uncle/etc.
