Adscribiéndose, - o no-, a la tradición de "Carlota Feinberg," "Numa, Una Leyenda" y "Niebla (Nívola)," este fascinante relato, - o lo que sea-, cuenta los infortunios de un aspirante a narrador, quien tras varios intentos fallidos de escribir una novela, se percata de que en realidad es el personaje del relato que los seres que cree que ha inventado están escribiendo, con el propósito de que su historia nunca llegue a repetirse y, asimismo, darle la lección de que nadie es adicto a otra cosa sino las sustancias que su mismo cuerpo produce.

The human condition in the 21st century.

By Amazon Customer

A popular saying in Spanish says if life gives you lemons make lemonade. This is how the book starts and also how it ends. The narrator, a Hispanic man in the US, ends up caught in situations he did not expect and has to figure out the best way to get something positive out of where he is and what he has. This is a story of resiliency, survival and the pursue of dreams. Stories of poverty, humanity, friendship and love in the age of virtual realities (maybe more live virtual mirages) bring the reader to an analysis of the human condition in the 21st Century. Great book (written in Spanish).

Omar Corral has written a fantastic tale of college life and the trials and travails of a graduate scholar dealing with wine, women and song. The stylish structure, poetic imagery and edgy flourish make this an engrossing read from start to finish. While it is in a college setting, the subtext speaks of bigger concepts--independence, freedom, sexual politics and mania for art. I read this overnight on a flight and enjoyed it thoroughly!

Looking forward to Mr.Corral's future literary output.
