Misleading title and cover pic

By Amazon Customer

I'm not familiar with Mitch Byrd's other works but the cover of Big Girl Adventures is not indicative of the contents of the majority of the book. The art & the characters of the first story, Bloodtown, were excellent and about what I expected to see. The second story, Wingworld, was not. There were only a handful of big girl secondary characters in Wingworld. Sadly, Wingworld consumed about 75% of the book!

Mitch Byrd fans will enjoy, others not so much

By S. Jacobs

For those who know Mitch's work and love his buxom babes, Big Girl Adventures is pretty good. However, I liked his older books more. Some of the humor of his other books is lacking in this work. Still, his artwork is great.
