This is a STEAL!

By Rosston

SPECTACULAR! This book takes everything you need to know as a beginner and compresses it into a light, fun to read, and comprehensive package. This is a steal at \$3. Should be priced far higher.

Another great read by Steve Burns

By George Maniere

Another great read by Steve Burns. I have read all of his books and he almost always talks about and simply shows you how to create an "edge" in your trading. Steve has a great gift for making very complex concepts very easy to understand. In my humble opinion, his books should be core curriculum for all high school students. By all means, do take the time to read his works as they will positively change your trading life for the better. Thank you Steve and Holly.

By Mohit Jhanjee

Simplicity in even making the complex stuff easy to understand to novice is what steve burns is very good at. I have read his past books New Trader Rich Trader and Others and have been a fan of his work. This book again in very precise yet simple words he has put the effort to explain the new traders how they can be profitable traders. Do read and try to implement the same in real life.
