Great book

By Cathy

This book helped fix our hitting problem. It talks about hitting from the standpoint of how it makes the people being hit feel, and how it isolates the person doing the hitting. It seemed like a simple book when I read it to my daughter, but it was like a light bulb went off in her head when she heard the story. She finally got it.

Great Book!!!

By Stephany

This book really helped my 3 year old understand how bad hitting is in a cute little way with the animals. After I read it the first time she soaked it in and looked at me and said "I'm sorry mommy, I won't hit anymore" so I would recommend this book in a heart beat.

Wonderful

By PreK teacher 3

I love this book. I read it to my preschool class as soon as I see a problem in the classroom with hitting. The children love the cute furry little animals and really sit and listen to each word. It is truly amazing to see their faces as I read the story. LOVE IT!!!!!!
