Review

"James Thomas has written a great resource book for anyone creating theatre. The information is detailed, clear, and easily applicable to text analysis for actors, directors, and designers." --Barbara Anger, Ithaca College

"This book has been overwhelmingly effective in meeting the goals I set for this course."---Perry Crafton, West Texas A&M University

"Understanding the plot, action, characters and themes of a play is central to those who work in the theatre. Script Analysis for Actors, Directors and Designers (Fifth Edition) by James Thomas, explains the concepts of action analysis, background story, external and internal action, character, dialogue, style, and tempo, rhythm and mood. To coverage of classic and unconventional plays, this latest edition adds sections on postmodern and postdramatic methods of script analysis, along with new materials of special interest to designers." ---Stephen Peithman, Stage Directions

About the Author

James Thomas, Professor of Theatre and Head of the PhD for Scholar-Directors at Wayne State University is a graduate of St. Ambrose College (BA), Villanova University (MA), and the University of Texas at Austin (PhD). Thomas has also taught theatre at Mount Holyoke College, Marquette University and Florida State University, where he was Associate Dean of the School of Theatre. SCRIPT ANALYSIS FOR ACTORS, DIRECTORS, AND DESIGNERS BY JAMES THOMAS PDF

Script Analysis for Actors, Directors, and Designers teaches the skills of script analysis using a formalist approach that examines the written part of a play to gauge how the play should be performed and designed. Treatments of both classic and unconventional plays are combined with clear examples, end-of-chapter questions, and stimulating summaries that will allow actors, directors and designers to immediately incorporate the concepts and processes into their theatre production work.

Now thoroughly revised, the fifth edition contains a new section on postmodernism and postdramatic methods of script analysis, along with additional material for designers.

A great tool for reading a play like an artist

By ProfGoff

Full Disclosure: I have studied with the author for the last four and a half years.

That said, I have a pretty thorough experience of working with this book as a student and as a teacher, and I have found it extremely useful. Thomas's careful, systematic approach provides numerous opportunities for discovery at different levels within the text of the script. And he does all of this with a focus on performance - how do you locate and communicate insights that will unlock the script for production? What is particularly useful for the actor, the director, the designer? The approach is highly detailed and highly applicable. I have seen the book work immensely well for classes of first year undergrads, and advanced graduate classes alike. This is a phenomenal tool in teaching students to look at a text like artists, not like English students.
