THE HOLE BOOK (PETER NEWELL CHILDREN'S BOOKS)

BY PETER NEWELL PDF

"Tom Potts was fooling with a gun
(Such follies should not be),
When—bang! The pesky thing went off
most unexpectedly!"

Long before Richard Scarry or Dr. Seuss, an American artist delighted a generation of children and their parents with hilarious, topsy-turvy illustrations and slightly subversive tales told in rhyme. This was illustrator/author Peter Newell.

Originally published in 1908, *The Hole Book* remains as profoundly enjoyable and incredibly popular as ever. With humorous text and irresistible drawings, this classic work will delight readers of all ages with the story of Tom Potts' bullet, which leads him through all sorts of unexpected scenes and adventures, each funnier than the last.

Peter Newell (1862-1924) began his career as an artist drawing portraits, using crayons as his medium. In his fantastic humor, many believe, is the first appearance of the gentle humor of the absurd which *The New Yorker* has subsequently developed to such a high level.

Five Stars

By John Carpenter

Thanks!

13 of 14 people found the following review helpful.

Cheap reprint of a classic book

By Michael Adams

This is a crummy reprint of a wonderful classic children's book. First of all, there is no hole in the book, which spoils the novelty. Second, the original colors are missing, as the pictures are all printed in black-and-white. Third, the pages are printed on the wrong sides, so the text you read on any given page doesn't correspond to the picture on the facing page! If you remember reading *The Hole Book* as a child, as I do, you will be tremendously disappointed by this reprint.

13 of 14 people found the following review helpful.

Excellent. It sticks with you for decades.

By A Customer

Of all of the books that I read when I was a child, this is the only one that I truly never forget. I have captivated the attention of my friends and their children by reciting some of the best verses. The rhyme and meter is exquisite, providing an almost musical theme through each episode. The vocabulary is perfect for young people and fun for adults. It utilizes advanced words, while not burying their meaning from beginning readers. The characters lend themselves to creative new voices for each reader to explore. All of these remarkable qualities, and it maintains a serious lesson for young people, that guns are not for fooling around.
