**The Best Bible Dictionary I Have Found**

By Mark D. Hornbogen

I bought this set because you will find it used as a reference in many other books. The books are large and heavy but they are beautiful and every bit as good as you will find anywhere. The definitions cross-reference and are thorough. Contains persons, places, ideas and subjects. Written by experts in simple words. I love this set! The Erdmans Bible Dictionary is also excellent and contained in one volume.
