It was just plain old physical attraction. That didn't mean it was any "big love" or anything, did it? Kate was just mistress to a very passionate Sicilian man, Giovanni Calverri. And sex was all it was ever supposed to be. Until the day when everything changed. When fate forced them to put their steamy arrangement on hold—and think about what they really had together...

It's not bad....

By Vanessa

Decorator Kate meets Giovanni Calverri and it appears instant lust ensues! Moved rather quickly too! They do the horizontal dance, and he leaves without a word. Kate wasn't happy about that! She decides to call him at his business and discovers that he is engaged to be married!! Of course, Giovanni unloads his burden on his bride to be, who wished that he hadn't but she's willing to continue on w/ the marriage. However, Giovanni isn't so sure and he soon finds himself back at Kate's door. The magic instruments come into play and Kate is a goner. A proposal of a fling is given and off they go. Kate does try to fight it some, as does Giovanni. He truly believed he was stronger but he finds that she is his weakness! He doubts her about something, horrible outcome, but he still wants her and is there to support her through that outcome. You know they get a HEA, but what was a little bothersome is that his fiancée, which he appeared to have sullied too, is kept in the family. Wasn't a bad read just a bit different for the HPs that I'm use to reading.

Features a hero who has enough passion sizzling through his body to knock your socks off!

By MBR

Released originally in 2001 and later re-released in Kindle in August last year, The Sicilian's Passion by Sharon Kendrick is one of my favorite Harlequin romances. I remember re-reading this romance more than 3 times in fact, and its being around 3 years since I last revisited Giovanni and Kate's tempestuous affair born out of their mutual attraction towards one another.

27 year old Kate Connors is an interior designer who is pretty much happy with who she is. Her clients are mostly the rich and sometimes the famous and that is how she crosses paths with Giovanni Calverri, tall, dark and with looks good enough to make the average woman swoon at his feet. The 34 year old Giovanni is used to women reacting towards him the way Kate does from the onset of their introduction. But the difference this time around is Giovanni feels as helpless as Kate in disguising the need that flares to life deep inside of him to claim the red headed beauty who tempts him unlike any other.

Furious with himself more than anyone else about the desire he feels towards Kate, it is a triumphant Giovanni that races towards Kate's apartment to do his godmother's bidding, secure in the knowledge that Kate had engineered the meeting that was about to happen between them. Things however go totally in the opposite direction as soon as Giovanni steps into the apartment, the desire that they both inexplicably feel towards each other refusing to be denied when there was nothing holding them back. However with the initial bout of lust sated, the self loathing that Giovanni feels starts festering, the truth about his relationship status driving him away as a thief would slink away into the dark night.

Though Kate comes to know of Giovanni's betrayal, she cannot help but yearn for everything she felt in his arms, nor can she forget the answering need that had kept them locked in each other's arms all through the night. And when Giovanni turns up at Kate's apartment, now a free man willing to indulge in an affair that would satisfy his lust for the English woman once and for all, Kate takes what he offers knowing that she doesn't have it in her to say no to Giovanni in any form.

Thus begins a most passionate affair that spans different corners of the globe until the inevitable happens and forces both Giovanni and Kate to confront their feelings of the more tender nature towards each other. The journey that they take towards the happily ever after is one that is filled with angst and lots of passionate, off-the-charts sexy moments that just makes my senses hum, no matter how many times I re-read this number. I love stories where the author doesn't beat around the bush but gets to the heart of the matter which is why this book remains as a favorite of mine even after such a long time.

Giovanni is a hero who has got everything going for him from his good looks to his passionate nature that left me breathless every single time. A man who has always lived by the rules that had governed his life, Giovanni is a bit lost himself when he has to give in to the possessive streak that courses through him even from his first encounter with Kate. Kate is a heroine who is well matched to our Giovanni in her independent nature that asserts itself and makes Giovanni confront just more than his need for Kate's body throughout their unusual affair. I loved how well they seem to complement each other, in bed and out of it, and loved seeing how Giovanni changes throughout the story. The epilogue tucked in at the end serves to be one of the reasons I will continue to re-visit this story time and yet again, because lets face it; a beautiful happily ever after is one of the major reasons why we love romances as much as we do.

Highly recommended to fans of angst filled Harlequin romances with a hero who has enough passion sizzling through his body to knock your socks off!

just plain horrible

By Mom in Michigan

I really didn't like this one. I couldn't believe that Kate would sleep with Giovanni so quickly, but even more awful was that she accepted him back even after she found out he was engaged to another woman. Maybe I'm too much of a prude, but Kate seemed like a decent woman having not had a relationship in two years and being careful for she met Giovanni. I don't get how she could do what she did.

I'm only on page 74 and I don't think I'll even finish this book. I just don't feel the love.
