Indispensable Reference for Preparing Children for Adult Responsibilities

By Larry Naselli

Indispensable reference for preparing your children for adult responsibilities. We have used this book for over fifteen years, and given away at least a dozen copies to young parents. When setting annual goals with each child, "What Every Child Should Know..." has been so helpful to plan to train our children to master important life skills. Get a copy -- no, get two copies, so you can give one to a friend.

What Every mom should know about your kids

By Susan Tuten

I lend out a lot of my books to moms. I have 5 children, age 6 to 15 and have loved this book for years. This is the only book I lend out and usually don't get back!! I end up letting them keep it because it is so useful. Knowing what jobs a child should be capable of at what age has been a huge help in training my kids. And I have loved the ideas for family worship and training of my child's heart. It's a staple in my library!

Must Have- Easy Read!

By Daughter

God has blessed me so much by this book. I have believed in my heart the importance of training up my children in the way they should go spiritually, but also practically for the glory of our Lord! I myself felt very ill equipped to handle this task due to lack of instruction in my own formative years. I stared blankly at my husband the evening we returned from our honeymoon when he asked me "What's for dinner?". Somehow I had imagined that we would eat out for the rest of our lives...or something to that effect. God has

brought us through a lot in our 12 years of marriage and we have grown up a lot together. Gail has given practical Godly counsel in this book for which I am very grateful. I have uncovered (with many groans from my 9 year old[who knew how much she was getting away with]; and great enthusiasm from the 7,5, and 3 year old)that my children can do far more than I had given them credit. As we work through this process the blessings are increasing and the interaction is wonderful. I am ordering copies for my sister-in-law and my sister. I only wish that I had known of this book earlier in my parenting process. May God be glorified as we seek to center our family around Christ blessing others by our lives. Many thanks to Gail whom I consider a true Titus 2 woman.
